COGEN Europe, the European Association for the Promotion of Cogeneration, is the cross-sectoral voice of the cogeneration industry. Its mission is to work with EU institutions and stakeholders to shape better policies and eliminate administrative, regulatory and market barriers to the wider use of cogeneration in Europe.

COGEN Europe has built up an extensive network of partners in Brussels and beyond, including numerous European associations with whom we share information and develop joint activities. Through all the initiatives that we support, we pursue the promotion of an efficient, resilient, decentralised and decarbonised European energy system.

11 ????· Here"s what to know if you plan to travel to the UK and Europe in 2025 Americans planning to travel to the U.K. and other EU countries must request authorization before arriving.
