

A shade greener Myanmar

I will soon have to sell a relative's house (for care fees), in which they had "free" solar panels fitted in 2015. The Deeds were amended to Lease the roof space to "A Shade Greener" for 25 years. I am well aware this can really complicate selling, with many mortgage companies unwilling to lend, and have found many worrying stories on this forum about ASG. ...

Contacted A Shade Greener with a supporting photo and received a telephone call advising that there was a fault that required an electrician onsite. The electrician, Mark Morgan, arrived early. Introduced himself and, once shown where the isolation switches and control panels were located, set to work and identified an issue with the inverter. ...

Myanmar's development planning In order to pursue a greener development path, Myanmar could develop a green growth strategy to guide policies and decision-making at multiple levels of government. This strategy could draw on the National Sustainable Development Strategy of Myanmar from 2009, but may focus more on
