o Tomé and Príncipe is very open and highly depends on imports resulting in high indirect tax revenue. At the same time, the production and export base are very narrow, leaving the authorities with a small domestic tax base. For these reasons, the country compares unfavorably with neighboring economies and other island countries, in terms of domestic ...

o Tomé and Príncipe recognizes that beyond health and well-being, investment in health also contributes to social inclusion, gender equality, poverty eradication, economic growth and human dignity. Recent assessments have identified certain gaps and priorities for system reform in the health sector for it to become truly universal.
