What does Ballard Europe do?

Ballard Europe is growing and will continue to invest in providing sustainable mobility solutions made and serviced locally. We look forward to work with industry, communities, and policymakers to accelerate the shift to zero-emission transportation in Europe.

Where is Ballard Europe located?

Ballard Europe prides itself on having a complete value chain. Our European Competence Center is located in Hobro, Denmark. Ballard European Competence Center in Hobro, Denmark Here, we are active in fuel cell system development, production, applications engineering, and business development.

What time Will Ballard Power Systems hold a conference call?

VANCOUVER, CANADA - Ballard Power Systems (NASDAQ: BLDP; TSX: BLDP) will hold a conference call on Tuesday, November 5th, 2024 at 8:00 a.m.... Begin your journey towards sustainable energy solutions by scheduling a consultation with our knowledgeable fuel cell experts--let's discuss how we can drive your project forward together.

SFC Energy AG, a leading provider of H₂ and methanol fuel cells for stationary, portable and mobile hybrid power solutions, has completed the acquisition of selected assets of the stationary H₂ fuel cell business in Scandinavia - including IP rights and customer contracts - from Ballard Power Systems Europe A/S (BPSE).. With the acquisition of the assets for ...

The program's six demonstration vessels vary in length and weight, including container ships, bulk and tanker vessels. Ballard's contribution to RH2IWER sees three of its FCwave (TM) fuel cell modules supplied to a 600kW container solution, powering a 0.6MW container vessel.. The FCwave (TM) is designed to provide zero-emission power to marine vessels and is ...

Ballard Power Systems Europe A/S Adresse: Majsmarken 1 9500 Hobro Telefon: 88435500 Email: contact@ballardeurope . Aktiviteter/ansøg og miljøkategorier. Hovedaktivitet: Maskinfabrikker, maskinværksteder og andre virksomheder, der foretager forarbejdning af jern, stål eller metaller med et hertil indrettet produktionsareal på mellem 100 ...

Ballard Power Systems, in collaboration with Solaris Bus & Coach, is set to revolutionize sustainable transportation in Europe with the acquisition of 96 hydrogen fuel cell engines. The partnership aims to expedite the adoption of hydrogen-powered buses, offering a major stride towards eco-friendly transit solutions.

SFC Energy AG to acquire Small Stationary Business Assets, Technology, IP, and Customer Base from
