With a mission to help property owners save money, reduce their carbon footprint and reap the rewards of reliable energy, Wickes Solar is here to bring you quality solar panel installations at competitive prices.

2 PowerRacks are required to mount each solar panel. For example, if you plan to buy a 10-panel system, budget for 20 PowerRack units to mount your panels. Each row of PowerRacks should be separated by at least 3 feet of space to prevent production loss from shading issues. Lower edge of panel sits 8" off the ground.

We complete projects all over the UK but generally cover the Suffolk, Norfolk & Cambridgeshire areas. We undertake a large range of electrical works, from Solar PV and battery storage, general power and Lighting, CCTV, access control ...
