

Boond solar Tuvalu

Who is Boond solar?

Boond Solar was founded in 2010 and since then has been working towards the goal to provide high quality, reliable, customer centric, solar power energy at affordable cost, pan India. Boond Solar energy is one of the most promising renewable sources of energy due to its potential to provide clean and sustainable electricity.

Does Boond solar offer 24/7 support?

We are proud to announce 24/7 support for all of our solar power and energy customers! Boond Solar is committed to providing you with the best customer service and support, no matter when you need it. Live Green, Love Green, Think Green. Once you install solar panels on your roof, they convert sunlight into electricity cleanly and quietly.

What is Boond energy?

Boond is to provide scientifically aligned and meticulously crafted high quality, frugal and customer centric energy solutions backed by efficient service offering.

How much energy does Tuvalu use a year?

Like many Small Island Developing States (SIDS), Tuvalu has been heavily reliant on imported fuel for its diesel-based power generation system. Through this new FSPV system 174.2 megawatts per hour of electricity will be generated each year, meeting two percent of Funafuti's annual energy demand.

Will 184 solar panels be positioned on Tafua pond in Funafuti?

Seeing 184 solar panels positioned on Tafua Pond in Funafuti will reduce the country's reliance on diesel-powered energy generation by 47,100 litres per year. Photo: Supplied.

Boond Solar, a division of Boond Engineering & Development (P) Ltd, specializes in providing customized solar solutions for various communities, sectors, and regions. With expertise in both on-grid and off-grid solutions, Boond leverages its extensive knowledge to identify the right designs for individual needs. Currently boasting over 4.5 MW ...

Tuvalu, an island nation midway between Hawaii and Australia, has commissioned a new solar-plus-storage project with the ADB, featuring a 500 kW, on-grid solar rooftop array and a 2 MWh BESS in the capital, Funafuti.

In Funafuti, a small pond bordered by pig pens is now home to an innovative renewable energy pilot program, floating solar panels. Tuvalu Energy Corporation General Manager, Mafalu Lotolua says the project is a response to the ...

Boond solar Tuvalu

The installation of Tuvalu's inaugural Floating Solar Photovoltaic (FSPV) system has been successfully completed, with this cutting-edge system seeing 184 solar panels positioned on Tafua Pond in Funafuti.
