The Beebejump S1 Plus is a solar power system that is designed to power basic home appliances such as TVs, standing fans, lights, decoders, laptops, clippers, and phone chargers. The S1 Plus comes with a 338w lithium battery, 150w inverter, 160w solar panel, and two (9w) LED bulbs for light, but it can power up to six bulbs.

1964 Expedition. Because of its location, weather researchers have long thought it a great place to put a weather tower. On 2 April 1964, the Royal Navy's Antarctic ice vessel HMS Protector was sent to the island to investigate a new area of the land created by lava flow ten years prior to the expedition.Lieutenant Commander Allan Crawford and his team ...
