BrightLife's Mimi Hatch Call Center provides after-sales support for any questions or concerns a customer might have. Our Call Center staff speak over 10 languages and are available to answer customer inquiries related to product set-up, usage, maintenance and financing.

Cyprus boasts one of the highest levels of solar radiation in Europe, making it an ideal location for solar energy production. The island's Mediterranean climate provides consistent sunlight throughout the year, which means that solar panels can generate electricity efficiently for most of the year.

1 review and 2 photos of BRIGHT LIFE SOLAR "We contracted with them through McCormack Roofing, Construction & Energy Solutions and did a new roof and solar as one job. We wanted enough panels to make a difference on our electric bills and it accomplished that- we pay \$20-30 per month for electricity now even running the AC and pool pump a lot during summer.
