What is a Canadian Solar EP Cube?

The Canadian Solar EP Cube is a modular battery that can have up to six 3.3kWh modules connected together for 19.9kWh of storage capacity and 7.6kW of continuous backup power.

What residential storage solutions does Canadian Solar offer?

Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite. Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite Join Canadian Solar for an in-depth exploration of their residential storage solutions, EP Cube and EP Cube Lite.

Can I Retrofit my solar system to a Canadian Solar EP Cube?

You can retrofit any solar system to the Canadian Solar EP Cube for whole home battery backup. The Canadian Solar EP Cube offers customers the most advanced solar and battery inverter technology available. Request your free, no-obligation quote today.

How much energy can a EP Cube store?

The Canadian Solar EP Cube has a unique energy storage design that is stackable, allowing you to start your storage capacity at 9.9kWh and increase it to 19.9kWh over time. The hybrid inverter is rated for 7.6kW output.

How does the EP Cube work?

The inverter neatly attaches to the top of the battery bank, making it easy to install and operate. With the integrated hybrid inverter, the EP Cube is suitable for both new and installed PV systems. It also supports AC output, PV + battery, and battery-only options, allowing you to choose the best option for your home's energy needs.

Who is presenting EP Cube at Genera in Madrid?

Canadian Solar and Eternalplanet Present EP Cube at Genera in Madrid from February 6 to 8, Together with Its Trusted Regional Partners Eternalplanet, a consumer-oriented independent brand under Canadian Solar, attends Genera in Madrid with its first self-design-and-developed residential energy storage system, the EP Cube.

The EP Cube's 7.6kW hybrid inverter is designed to seamlessly integrate with your modular battery system. The inverter neatly attaches to the top of the battery bank, making it easy to install and operate. With the integrated hybrid inverter, the EP Cube is suitable for both new and installed PV systems.

The EP CUBE Residential Energy Storage System, featuring 3-Battery Modules totaling 9.9 kWh, is your gateway to reliable, safe, and efficient power. Whether you're a homeowner or a business owner, this innovative solution is tailored to meet your energy needs.

Canadian solar ep cube The Gambia

The Canadian Solar EP Cube 3.3 kWh Battery Module features a modular, stackable design that expands to 19.9 kWh for flexible storage needs. With seamless backup power, lithium iron phosphate technology, and smart monitoring via Wi-Fi or cellular, it ensures safe, reliable energy for homes and EV charging.

With the ability to connect up to six Canadian Solar hybrid inverter units in parallel, you can achieve up to 119.9 kWh of storage and 45.6 kW of output, perfect for larger energy needs. ...
