China module prices are dropping rapidly, with opening bids for some recent domestic projects all lower than CNY1.5/W, noted multiple sources. Downstream demand is huge, with 48.31 GW installed...

The CEB was purchasing a unit of rooftop solar power for Rs. 37 when the Cabinet on July 2 reportedly approved a reduction of this price to Rs. 27 per unit--a ten-rupee drop. This is despite President Ranil Wickremesinghe, in his capacity as Finance Minister, making strong observations on Power and Energy Minister Kanchana Wijesekera's ...

Impact of China's Demand on Global PV Prices. Even with only 70 GW of installations in 2021, equal to 40% annual growth, the global industry is likely to endure some of the impacts of the high Chinese domestic demand seen last year. The module price hikes observed since October 2020 appear to be far from over.
