CNBM 275W Solar Panel. Explore the CNBM 275W Solar Panel today. Perfect for households, efficient and cost-saving. The 275W Solar Panel is a popular choice for residential and small commercial solar power systems. It offers a ...

CNBM Solar panel offers high performance of power per square foot of solar array. Poly- or multicrystalline silicon(poly-Si or mc-Si): made from cast square ingots -- large blocks of molten silicon carefully cooled and solidified.

Relying on the scientific research as well as the resources for production from CNBM Group, CNBM International Corporation vigorously expands new green energy products represented by solar energy .With the good reputation, reliable quality as well as prompt and excellent service, CNBM solar panels have promised to ensure the products" quality ...

CNBM can provide solar panel,solar battery, lithium battery, ESS system, which convert sunlight into electricity for residential, commercial, and utility-scale power generation. The company is committed to develop and provide the world with clean and renewable energy to ease the energy shortages as well as human"s impact on the environment.

CNBM Group, which was set up in 1984, is the LARGEST comprehensive building materials industry group in China that integrates scientific research, manufacturing and logistics into one entity, which has a total asset of over USD 86 billion, more than 250,000 employees and 17 subsidiaries and 200 mills in China.
