Renegade Electrics excels in crafting bespoke control panels in New Zealand. Specializing in control panel design and build, we cater to PLC automation needs, HMI communication, and networking. Serving the Bay of Plenty and beyond with Schneider Modicon and Zelio programming solutions.

New Zealand has really led other Westminster countries in making that sort of information available to the general public. In fact, when the United Kingdom were coming up with their Cabinet Manual, they came out here to look at ours and used it as a model. So, as you said, Caroline, it is considered to be the authoritative guide to central ...
