Flagsol is a subsidiary of Solar Millennium, one of the world leading project developers for large-scale solar thermal power plants. This promising technology is truly sustainable, as the sun's energy is harvested. Suitable for units larger than 50 MW, our plants generate heat from focussing the sunlight with parabolic mirrors.

TSK Flagsol is the German subsidiary of TSK and specialized in energy technologies, especially on renewables, storage, concentrated solar power (CSP) and plant hybridization. Within our group, TSK Flagsol covers the entire value chain: Consulting services and turnkey solutions for comprehensive solar thermal power plants or subsystems thereof ...

TSK Flagsol Engineering is a supplier of electricity. It offers engineering, procurement, and construction (EPC) and, site, project management, and other services. The company also has expertise in financing and construction of industrial plants. Type ...
