

Dcdb solar Papua New Guinea

Who is solar energy Papua New Guinea?

We are Papua New Guinea's leading solar energy company, providing high quality solar services for your home or business through renewable energy. WHY USE SOLAR? Despite huge popularity in the rest of the world solar power has yet to take off in PNG.

Does Papua New Guinea have a country Factsheet?

Specifically for Papua New Guinea, country factsheet has been elaborated, including the information on solar resource and PV power potential country statistics, seasonal electricity generation variations, LCOE estimates and cross-correlation with the relevant socio-economic indicators.

Is it safe to use solar in PNG?

This is for a variety of reasons but with recent developments in the PNG energy market its now safe and legally compliant to use solar for certain applications. Our policy experts have worked closely with our engineers to develop a range of safe, economic and regulatory compliant solutions for using solar on your business or home.

Off-grid, mobile and backup electrical systems in Papua New Guinea run on AIMS Power products. Here is a list of our products that will work properly with the electrical system in Papua New Guinea: All the AIMS Power inverters and products available in Papua New Guinea are listed below: 12 Volt Modified Sine Inverters. Download Brochure
