We are excited to announce that SFF Denmark is the first company in the SFF Group to install solar panels! These panels will cover 55% of our Esbjerg facility's energy needs, marking a major step in reducing our greenhouse gas (GHG) emissions. This milestone is part of a larger commitment to sustainability, as outlined in our ESG Policy.

We are dedicated to delivering cutting-edge solar panel installations that maximize energy efficiency and minimize environmental impact. Our mission is to make clean, renewable solar energy accessible and affordable for homes and businesses everywhere, empowering communities to embrace a greener tomorrow.
