What is Atome energy doing in Paraguay?

With a focus on clean energy production and partnerships with key stakeholders, Atome Energy is setting the stage for a significant transformation in Paraguay's energy landscape. Atome Energy's Paraguay project is centered around the production of green hydrogen and ammonia, two vital components in the quest for clean energy solutions.

Does Paraguay have hydro power?

[espa#241;ol]o [portugu#234;s]This page is part of Global Energy Monitor 's Latin America Energy Portal. In 2020, hydro power provided 100% of Paraguay's electricity and roughly half of the country's overall energy supply, with biofuels and imported oil accounting for the remainder.

Who regulates energy projects in Paraguay?

Permitting and regulation of energy projects is handled by the Viceministry of Mines and Energy. ANDE (Administraci#243;n Nacional de Electricidad) is the state-owned entity responsible for satisfying Paraguay's electrical needs through generation, transmission, and distribution. Paraguay does not have a national oil company.

Is Atomic Energy Making Waves in Paraguay?

Atome Energy is making waves with its ambitious plans in Paraguay. The green hydrogen and ammonia developer is rapidly progressing on its project in Villeta, and the outlook appears promising.

How does Paraguay generate electricity?

Paraguay generates 100% of its electricity from renewable sources, with the vast majority coming from the Itaipu, Yacyret#225;, and Acaray hydroelectric projects. Since turning to hydropower, Paraguay no longer relies on oil and diesel imports for electrical generation.

What fuel does Paraguay use?

Biomass, specifically firewood, is the largest fuel source consumed in Paraguay at 43% of final energy demand. Only 17% of fuel wood demand is met by wood from managed forests. The country continues to remove forest at one of the highest rates in all of South America at around 325,000 hectares per year, mostly in the Western Chaco region.

Andes Solar, a leading company in developing renewable energy projects across Latin America, has partnered with EPESA, one of Paraguay's primary energy companies, to enhance renewable energy in Paraguay.
