Who is etrama energy?

Who We Are? Etrama Energy was established since 2021 with the vision of to become a leading company in renewable energy sector by customer satisfaction priority. Since then, we have been advocating for solar energy adoption and have now growth to be one of the leading renewable energy companies in Indonesia.

Does Anguilla have energy consumption by sector?

Energy consumption by sector is unknown. The draft CCP facilitates the transition of Anguilla to an energy independent, climate resilient, energy-efficient, low-carbon economy.

Does Anguilla use oil?

Like many island nations, Anguilla is almost entirely dependent on imported fossil fuels (more than 99% of the island's electricity is generated using heavy fuel oil), leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

Since then, we have been advocating for solar energy adoption and have now growth to be one of the leading renewable energy companies in Indonesia. We are focused on providing solar Engineering, Procurement, Construction and Commissioning (EPCC) solutions for projects covering domestic houses, commercial and industrial properties.
