Does Georgia Power offer solar?

From home installation and our buy back program, to non-installation options, our goal is to make solar an option for every Georgia Power customer. Learn more about our behind-the-meter solar programs, including the new Renewable and Nonrenewable Resources (RNR) program, and how to interconnect your system.

How can I support the development of solar power in Georgia?

Sign up now and get the opportunity to support the development of solar power in Georgia by subscribing to a portion of local solar farms. Every month you'll receive energy credits on your monthly bill based on the solar farm's production. Want to become a corporate sponsor? Help make renewable energy available to income-qualified customers.

Does Georgia Power Company offer a solar extension program?

The Public Service Commission Order pertaining to Dockets 4822, 16573, and 19279 states that Georgia Power Company is to provide existing solar participants the option to extend the term of their current Distributed or Utility Scale generation for up to 35 years. Please select from the following options for more information surrounding your program.

Does Georgia Bright benefit nonprofits?

In their most recent statement, the Thomas' energy bill was just \$18 after their system was powered in April. "Georgia BRIGHT for nonprofits provides an opportunity that didn't exist for nonprofits to benefit from solar power," says church rector Father Charles Todd. The solar lease will save the parish an estimated \$62,000 over the next 25 years.

What is a community solar program?

With our Community Solar program, you can enjoy similar benefits as customers who own their own solar panels. Sign up now and get the opportunity to support the development of solar power in Georgia by subscribing to a portion of local solar farms. Every month you'll receive energy credits on your monthly bill based on the solar farm's production.

What is Georgia Bright?

Sign up for our newsletter to stay up to date. Georgia BRIGHT is a discount solar lease program that saves LMI homeowners money starting day one. Because it is a lease program, there is no upfront cost and families do not pay to install or maintain the panels.
