

The French Southern Territories are largely uninhabited, with the exception of scientific personnel and military personnel. The population varies from 150 to 310 people throughout the year, depending on the research activities. There are no permanent residents, and the people who do live there temporarily are mostly French scientists, engineers ...

(Agence Ecofin) - Le premier fournisseur de solutions solaires offgrid en Afrique et en Asie du Sud, Greenlight Planet a mobilis&#233; 90 millions \$ pour le renforcement de ses activit&#233;s. Les fonds serviront &#224; raccorder des m&#233;nages au co&#251;t de 0,15 \$ par jour et &#224; faciliter leur inclusion financi&#232;re.

A solar light with mobile phone charging capabilities. A full day's charge gives up to 100 hours of light and choice of 25 - 400 Lumens. Sleek design allows use with its stand as a desk light, hung upside-down to brighten a room or detached as a handheld torch. Every light you buy helps to get another to rural Africa.

Narrated by Jason Mamoia, Matthieu Rytz returns to Sundance (Anote's Ark, 2018) with this up-to-the-minute tale of geopolitical, scientific, and corporate intrigue that exposes the machinations of a secretive organization empowered to green light massive extraction of metals from the deep seafloor that are deemed essential to the electric battery revolution.

Founded in 2007 as Greenlight Planet, the company recently rebranded as Sun King, the name under which its products have long been sold. Sun King is helping to lead a transformation in how electricity is provided across Africa and Asia, where 1.8 billion people still lack access to a reliable electrical grid.

In 2014 we partnered with Greenlight Planet to take a spin at door-to-door stove selling. Greenlight Planet's model had real promise but required deep knowledge and enthusiasm; asking a solar expert to suddenly expand their repertoire to ultra-clean, electricity-generating wood stoves was a tall order.

The French Southern Territories, a collection of remote islands and territories in the southern Indian Ocean and Antarctic regions, stand as pristine, untouched landscapes of immense natural beauty and scientific significance. As an overseas territory of France, this isolated region comprises several islands, including Kerguelen, Crozet, Amsterdam, and a section of Antarctica.

The French Southern and Antarctic Territories -- Terres Australes et Antarctiques Françaises (TAAF) -- form an overseas territory of France, established in 1955, that consists of several groups of islands in the southern Indian Ocean and a sector of Antarctica (see maps) that is claimed by France. The Antarctic territory is called Adélie Coast (Terre Adélie).
