

Guam pandion energy as

Who is Pandion energy?

Today, Pandion Energy is a full-cycle oil and gas company, participating in the discovery, appraisal, development and production of oil and gas resources on the Norwegian continental shelf (NCS). The Norwegian Offshore Directorate announced that this year's Improved Recovery Award goes to the licensees on the Valhall and Hod fields.

Who backed Pandion energy?

The company is backed by Kerogen Capital, an independent private equity fund manager specialising in the international energy sector. Pandion Energy has a team of highly experienced oil and gas professionals with strong and proven subsurface, financial and commercial competence, as well as extensive project execution experience on the NCS.

How is energy consumed in Guam?

In Guam, the consumption of energy is heavily influenced by its remote location. Almost all energy is reliant on imports of petroleum products for use in transport and electricity. Guam does not have any domestic production of conventional fuels such as oil, natural gas, or coal.

Does Pandion energy have a strong year?

Pandion Energy's combined annual report for 2022 is out, and it shows that the company experienced its strongest year of growth to date.
