What is the Guyana Energy Agency?

The Guyana Energy Agency (GEA) is a body mandated to develop renewable and alternative sources of energy. Established by the Guyana Energy Agency Act 1997, it conducts research and development into alternative and renewable sources of energy and disseminates and raises awareness of information relating to energy conservation and efficiency.

Can BioCode help fight fuel smuggling in Guyana?

The Government of Guyana, through the Agency, contracted Biocode, a UK-based company, to offer appropriate technology in the fight against fuel smuggling. Reduce energy used to pump water by turning off the tap when not in use. Save Water, Save Energy, Save Money. Copyright 2018 - Guyana Energy Agency.

How will ExxonMobil's Liza project benefit Guyana?

The gas to energy project includes a pipeline that will bring associated gas from offshore ExxonMobil's Guyana operated Liza Phase 1 and Phase 2 projects to onshore gas-processing facilities. The project will allow for a lower cost, cleaner and more reliable energy source for Guyana," a sign at the entrance states.

How much will the cost of electricity be reduced in Guyana?

It is expected that the cost of electricity for consumers will be reduced by some 50 per cent. Currently, the power utility, Guyana Power and Light (GPL), provides electricity at a rate of 15 US cents per kilowatt hour.

How will a natural gas pipeline work in Guyana?

The project will deliver natural gas liquids (NGL) and dry gas to the Government of Guyana. A subsea pipeline is expected to be installed on the seafloor to transport natural gas from the Liza field to an onshore pipeline on the West Coast of the Demerara River. Onshore, a pipeline will deliver the gas to the integrated facility at Wales.

2 ???· Exxon Mobil Corp. has taken ownership of the FPSO Liza Destiny, which it had been leasing from SBM Offshore, for \$535 million. The vessel operates offshore Guyana. SBM said net cash proceeds from the sale will primarily be used for the full repayment of \$405 million project financing, which will decrease SBM Offshore's net debt position.

3 ???· Assistant Secretary of State for Western Hemisphere Affairs, Brian Nichols, during a press briefing by the US Department of State on Monday, confirmed that the US Export-Import (EXIM) Bank has given approval for a US\$500 million loan to support Guyana's Gas-to-Energy (GtE) project.
