

Haitai New Energy Photovoltaic Bracket Price

Our aim is to provide quality, reliable and cost-effective PV system solutions to our customers. Committed to research and application of new energy products and promotion and provide one-stop system solution services for customer. The company adheres to the business philosophy of promoting and popularizing clean energy applications.

Haitai Solar was founded in 2006 and operates in seven major business sectors: photovoltaic modules, photovoltaic power plants, photovoltaic mounting systems, energy storage systems, hydrogen energy, wind energy and Solar Cells. Haitai Solar has been recognized as Tier 1 Module Manufacturer by Bloomberg New Energy Finance.

On July 18th, Hai Tai New Energy signed a component supply agreement for the Branderwal 30MW power station with Zonnepark Branderwal BV, a company based in the Netherlands. The Branderwal project combines solar energy development with the reclamation of wastelands and deserts, using the "PV+ Green Ecological Industry" model of "power generation on the panels, ...

Haitai New Energy Is A High-Tech Enterprise Focusing On Green Energy, Covering Seven Business Segments: Photovoltaic Modules, Photovoltaic Power Stations, Photovoltaic Brackets, Energy Storage, Hydrogen Energy, Wind Energy, And Photovoltaic Cells, And Is Committed To Systematically Providing More Valuable Green Energy Solutions For Global Customers.

With total global production capacity of 8GW, Haitai Solar has been ranked as Top 10 PV companies in China in terms of production capacity and shipments. As an intelligent new energy provider, Haitai Solar will continue to promote new energy development with quality and technology development to lead the green energy revolution.

Application . Product Certification . All Haitai's product series have been placed on the list of "Enterprises with Regulated Conditions in the PV Industry" released by the Ministry of Industry and Information Technology, and all its products have achieved certification from global entities such as TUV, CQC, UL, CSA, CEC, BIS, KS, INMETRO, SII, and MCS. Adhering to its operational ...

Hitech New Energy (stock code: 835985) was created in 2006. It is a high-tech company specializing in green energy, with seven key business sectors: photovoltaic modules, photovoltaic power plants, photovoltaic brackets, energy storage, hydrogen energy, wind energy, and photovoltaic cells. To methodically offer more valuable green energy solutions to global clients.
