

Haiti energy network solutions

Why did Zola electric join Haiti green solutions?

Energy technology company ZOLA Electric announced the partnership with local renewable energy pioneer Haiti Green Solutions for the deployment of its flagship energy technology platform to help address the energy crisis in the country, where the vast majority of its 12-million population lack access to reliable and affordable energy.

Is Haiti a good place to install solar power?

The domestic market in Haiti for reliable clean energy systems is largely untapped, with electricity demand expected to increase by 50% by 2030. The island's tropical climate makes it an ideal location for solar deployment.

Why is energy so expensive in Haiti?

The economy in Haiti has a heavy reliance on fossil fuel energy which is entirely imported. But rising energy prices caused by the recent global social and economic turmoil have hit the domestic energy market hard. Today, Haiti sees some of the highest diesel costs in the world, peaking at \$15 per gallon.
