Honeywell storage Bosnia and Herzegovina

In today's world, we are facing an increasing pressure to take action to temper climate change. Think about the growing public support for climate supporting measures, or the commitment of the European Community to reduce CO₂ emission by 40% in 2030 and even to become carbon neutral by 2050.. Globally we emit about 35 billion tons of CO₂ each year. . . .

Honeywell has provided remote monitoring services at more than 50 QCS sites over the past decade. These services have been provided to many of the largest paper, tissue and flat sheet manufacturers in the world. Knowledge, experience and best practices in remote monitoring of QCS system is embedded in innovative QCS 4.0 offering.
