In some coastal areas, because of the frequent hurricanes, the strength requirements for photovoltaic brackets are very strict, which requires PV bracket manufacturers to be able to design a sufficiently strong solar bracket system. However, the increase in strength is always accompanied by an increase in cost.

Our Photovoltaic solar mounting system bracket Profile C is made of high-quality Zinc Al Mg Steel coil which is light and corrosion-resistant. This advanced material is designed to withstand extreme weather conditions and provide excellent support for large solar panels. ... The system is designed to accommodate a wide variety of solar panel ...
