Data backing this research can be found in Derrick Jensen's End Game or in every peer-reviewed article published in the past 20 years on the subject. If we look to our own history for examples, we will find that the only society to face a similar challenge was the Qing Dynasty in China in the 19th century.

The expressive medium of painting offers insight into the tumultuous transition from the "Great Ming" to the Manchu-ruled Qing dynasty. Many Han Chinese remained loyal to the previous Ming dynasty and resented Manchu rule, particularly in Ming strongholds in the southeast. These yimin, or "leftover subjects," often protested through art, such as the artist Bada Shanren, a Ming ...

Qing Dynasty. Eman M. Elshaikh. A multi-ethnic empire. By the 1700s, the Qing dynasty ruled over a vast stretch . of land. It went from Mongolia to Tibet to Xinjiang in Central Asia. During the 1700s, crops like potatoes and . peanuts came to China from the New World. These new foods helped the population to double.
