How do solar panels work in Coral Island?

Fortunately, there aren't any tricks to operating solar panels in Coral Island. Once you've crafted any number of these items, you can simply place them on your farm, where they'll begin working to produce batteries. These materials are needed to craft a variety of automatic machines, from the auto feeder to the auto trash collector.

How do you get solar panels in Starlet town?

You'll have to reach Diving Level 7 to unlock the crafting recipe for solar panels in Coral Island. Depending on how you like to spend your free time in Starlet Town, this can take some time to accomplish. That said, racking up levels can be done by activating solar orbs and completing shrines.

It appears that the solar orb will glitch out if you uncover it, but not activate it, then sleep in game (and possibly logging off too). The general consensus is to let the trash accumulate again, and then it might show up, but everyone I talked to said it didn't help.

The one on the left has been completely filled like that for several in-game days. I created another one and it seems to be working as it should (for now), but I'm wondering if they stop working after a while or if it's bugged. Anyone else having trouble with the solar panels?
