What is Singapore International Energy Week (Siew)?

Human activities have been the main driver of climate change, primarily due to the burning of fossil fuels like coal, oil and gas. 2024 Government of Singapore. Last Updated 8 March 2024 Singapore International Energy Week (SIEW) is an annual week-long energy event bringing together policy makers, industry CEOs and international organisations.

What is Singapore International Energy Week (Siew) 2024?

. . . A buzz of excitement filled the air at the Singapore International Energy Week (SIEW) 2024 held last month. Over 18,000 energy policymakers, thought leaders, and industry professionals from more than 70 countries gathered at the Sands Expo and Convention Centre to discuss energy developments and forge new collaborations.

Why is Singapore hosting the IEA Energy Centre?

This is the first energy-focused international organisation that Singapore is hosting. b. The Centre will serve as a hub for the IEA's engagements in Southeast Asia and beyond. c. Such partnerships are especially pertinent given the theme of this year's SIEW - "A Connected and Sustainable Energy World".

How can Singapore achieve energy security?

To have energy security, we will need to resolve the climate crisis. Singapore has long been grappling with both challenges. We chose natural gas as our main energy source early on, as it is the cleanest fossil fuel, and emits less carbon dioxide than coal or fuel oil.

How much electricity will Singapore import by 2035?

Last month, Singapore raised its low-carbon electricity import target to 6 gigawatts (GW) by 2035, up from a 4GW target set in 2021. Electricity imports are expected to meet a third of Singapore's energy needs by 2035, and commercial operations under some import contracts could begin from 2028, said EMA on Sept 5.

What are Singapore's green-energy ambitions?

SEVERAL major power players in Singapore are coming together to further their green-energy ambitions, which span ammonia-firing, solar photovoltaic (PV) systems and renewable-energy offtakes. The deals were announced on the sidelines of Singapore International Energy Week, which opened on Monday (Oct 23) and runs until Friday.
