IMW's CNG refueling systems have earned a worldwide reputation for quality, performance, and reliability through precision engineering, and manufacturing. IMW prides itself with 20 years experience manufacturing the highest quality products, and offering the best customer service. IMW's engineering and quality control departments

At IMW we give a concrete answer to sustainability by providing innovative solutions for compressing RNG and hydrogen. If CNG is good, RNG is better. RNG is a carbon-neutral energy source because it comes from organic sources. Turning organic waste - that would otherwise decompose and create GHG emissions - into biomethane (RNG) is an ...
