IRRADIA ENERGÍA ha realizado de manera exitosa, durante dos semanas, las labores de mantenimiento preventivo de la planta solar CPV1-TOUWSRIVER. Dicha planta situada en Ciudad del Cabo (Sudáfrica), es la segunda instalación operativa de CPV más grande del mundo y cuenta con 60 inversores distribuidos en 30 bloques.

From Irradia Energía we carry out the tasks of integral maintenance of energy installations: solar photovoltaic, solar thermal, building installations, thermal installations, pressure equipment, etc.
