

Jb solar and electrical Belgium

I enjoyed my time while working at J& B, management allows for ideas to free-flow. The downside is the amount of travel. Bigger companies stay in an area for 4-8 months at a time, J& B moves a bit more because of how the contracting is worked out. Overall I would say it's a great company.

The graph above demonstrates how Belgian solar electricity generation has increased considerably in recent years, particularly in 2022 and 2023, when programmes such as ASTER were in place. Since ...
