Indonesia is a fast-growing economy, expected to become the 4 th largest in the world by 2050. To meet the growing energy demand, the government has set ambitious sustainability targets and pledged to meet net zero emissions by 2060 or earlier.

At the 2022 G20 Summit in Bali, a group of governments issued a joint statement noting that they would work to mobilize \$20 billion for the "Just Energy Transition Partnership" (JETP) for Indonesia. The JETP aims to shut down Indonesia's coal power plants and replace them with renewable energy sources.
