

Should Kuwait reevaluate its power generation and desalination plans?

Environmental considerations, cost reductions in renewable energy technologies and higher than expected growth in electricity and water demand could persuade Kuwait to reevaluate its current expansion plans for the power generation and desalination sectors, particularly if MED and RO technologies prove to be more efficient and reliable.

Who was the project coordinator for the Kuwait Energy Outlook?

Mohamed Nassarwas the project coordinator from the UNDP. Special thanks go to Khaled Mahdi, Secretary-General of the General Secretariat of the Supreme Council for Planning and Development, for his commissioning and sponsorship of this work. The editorial committee of the Kuwait Energy Outlook provided valuable insights and feedback.

Does Kuwait use oil to generate electricity?

Kuwait relies on oil and natural gas to generate electricity, with oil accounting for 64% of the generating capacity in 2015. Given Kuwait's dependence on oil-export revenues, there are significant financial incentives to move away from burning oil for domestic power use.

How much energy does Kuwait use?

Kuwaiti citizens account for 30% of the total population, but they use about two-thirds of the total amount of energy consumed in the country. Average temperatures hover in the upper 40s Celsius during summer months. Over the past few years, these "summer" months have extended from April to October.

Who owns the oil industry in Kuwait?

Kuwait took over ownership of its oil industry in the late 1970s. The government of Kuwait owns and controls all development of the oil sector. The Prime Minister heads the Supreme Petroleum Council (SPC), which oversees Kuwait's oil sector and sets oil policy.

What are Kuwait Petroleum Corporation's plans to secure natural gas supplies?

Table 2.2 provides Kuwait Petroleum Corporation's plans to secure natural gas supplies for the power generation and industry sectors over the Outlook period. The oil sector will continue to get priority in terms of allocation of domestic gas supplies. Source: Kuwait Petroleum Corporation. 25 Alsayegh and Fattouh (forthcoming).
