

Laniakea energy Pitcairn Islands

Where is Laniakea energy made?

Look no further than our factory! Laniakea Energy offer top-of-the-line products that are sure to meet your needs. Our factory is a original Chinese factory that produces high-quality solar and air source products. Plus,we have a branch and warehouse in Germany,so you can get the products you need in a timely manner.

Why should you choose Laniakea energy?

Laniakea energy offer top-of-the-line products that are sure to meet your needs. Our factory is a original Chinese factory that produces high-quality solar and air source products. Plus,we have a branch and warehouse in Germany,so you can get the products you need in a timely manner.

Can solar energy replace fossil fuels on Pitcairn Island?

Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy. The goal is to replace 95%of the current diesel consumption on Pitcairn Island (75,000 liters per year) with a combination of energy saving and solar electricity through the installation of a hybrid photovoltaic solar energy system.

What products does Laniakea offer?

From residential to commercial markets,Laniakea offers a full range of solar mounting systems,mounting brackets,inverters,and air source heat pump. With a strong engineering and design team,Laniakea also provides custom solutions to meet the unique needs of its customers.

Are the Pitcairn Islands Green?

Pitcairn Islands, a group of five islands with a total area of 47 km² and which constitute one of the most remote archipelagos in the world, turn to safer, greener energies that best meet the needs of the population. Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy.

We offer a comprehensive range of agency services, including the design and implementation of a comprehensive solar solution for your building, aimed at maximizing energy efficiency and reducing consumption. As both a vendor and a trusted partner, our teams in China and Germany are always ready to support you and ensure your complete satisfaction.

?????(Pitcairn Islands),?"????,?????",????????? ??????????????????????,?????????????????????

Following an EU commissioned study in 2017, the EU agreed to fund a Renewable Energy project for Pitcairn to replace fossil fuel with Solar Power under the EDF 11 Regional Envelope and we have been working with our partners in New Caledonia who manage the project on behalf of the four Pacific EU Overseas Territories.
