

Linorite Solar Aluminum Bracket

What are solar panel mounting brackets?

Solar Panel Mounting Brackets by Fastensol are the backbone of sturdy and reliable solar installations. These brackets provide a secure and adaptable framework for attaching solar panels to various surfaces, be it rooftops or ground structures.

How many brackets do I need for a solar panel?

Great for use where space is at a premium. These brackets are suitable for most rigid aluminium framed solar panels and make a strong, secure and tidy installation on your boat or motorhome. For panels of up to 100 watts, only one set of these brackets are required. For panels over 100 watts we recommend using two sets of brackets for each panel.

Why should I Choose fastensol solar panel mounting brackets?

Perfectly accompanying our solar panel fixings & solar panel mounting rails. Choosing a selection results in a full page refresh. Solar Panel Mounting Brackets by Fastensol are the backbone of sturdy and reliable solar installations.

What are solar panels brackets & how do they work?

These brackets provide a secure and adaptable framework for attaching solar panels to various surfaces, be it rooftops or ground structures. With their durable construction and easy installation, they ensure optimal panel positioning, maximising energy production for sustainable power solutions.
