

Luxembourg smart power system sps 1000

How does the SPS-1000 work?

The two GEL batteries are installed inside the cabinet and the SPS-1000 will arrive ready to switch on and use. The machine comes packaged and strapped to a small pallet for safe transportation. The Smart Power System (SPS) doesn't require an electrician and simply plugs into a standard wall socket.

What batteries are included in the SPS-1000?

The two GEL batteries are installed inside the cabinet and the SPS-1000 will arrive ready to switch on and use. The machine comes packaged and strapped to a small pallet for safe transportation. ... more details Brand: Smart Power This option is for the SPS-1000 - INCLUDING 2 x 100Ah (10Hr) GEL Deep Cycle Batteries.

What is a smart power system (SPS)?

The Smart Power System (SPS) doesn't require an electrician and simply plugs into a standard wall socket. It is designed to work inside your home or business providing electricity if the power goes off. Devices plugged into the SPS are protected from damaging surges and spikes.

What devices can a SPS-1000 run?

The SPS-1000 can typically run a modern flat screen LCD TV (100W), a laptop (50W), a DSTV decoder (50W) and a low energy lamp (20W) for about 10 hours. All devices plugged into the SPS-1000 are protected from damaging surges and spikes. In addition, the SPS-1000 has a built-in solar controller for OPTIONAL solar connection.

Does the SPS-1000 have a solar controller?

In addition, the SPS-1000 has a built-in solar controller for optional solar connection. MC4 sockets make connection to a solar panel easy. A solar panel IS NOT REQUIRED to run the SPS but can be added at any time. The solar function can operate alongside or totally free of mains power.

What is a 1000W pure sine wave lithium solar power station?

1000w Pure sine wave lithium solar power station 24v UPS system with built-in MPPT solar controller + 1200wh lithium-ion battery Specifications to ensure you can make the most of exploring and experiencing the world around you. Have fun on this remarkable, space efficient, foldable e-bike that effortlessly folds into a compact size.
