ESS 7.0 / 9.0 / X is a new modular lithium-ion energy storage which stores the generated surplus energy into battery modules for a later use. The inverter can then feed this power into the network or the energy storage. The power is available whenever it is needed: in the evening, at night and at times when there is little or no sunshine.

ess 7.0 / 9.0 / x Das modulare Energiespeicher System Mit unseren hochmodernen Energiespeicherlösungen werden Sonnenstrom-Nutzer unabhängiger von den Strompreisen und nutzen ihren eigenproduzierten Photovoltaik-Strom dann, wenn diese ihn brauchen.

carefully to ensure a fault-free operation of the BMZ ESS battery storage system. Please store this operating manual such that it is accessible to all persons who work on the BMZ ESS system. Scope This manual is intended for all products of the BMZ ESS series o BMZ ESS 7.0 o Art. No. 24930-xx o Art. No. 30110-xx o Art. No. 30890-xx

The ESS 7.0 is a 55.5 Volt Lithium-Ion Smart Battery from BMZ Energy Storage System. It's 121.5Ah super charge capacity can store power upto 7kWh. It stores the surplus of the collected solar energy for later demand.

fehlerfreie Bedienung des Batteriespeichersystems BMZ ESS sicher zu stellen, lesen Sie bitte diese Bedienungsanleitung sorgfältig durch. Bitte bewahren Sie diese Bedienungsanleitung für alle Personen, die Arbeiten am BMZ ESS durchführen, zugänglich auf. Gültigkeitsbereich
