

Meraki energy Tunisia

Renewable energy offers Tunisia an opportunity to stabilize its economy. By reducing its dependence on imported fossil fuels, Tunisia can protect itself from the energy import costs that strain national finances. For instance, in 2022, Tunisia imported approximately 48% of its energy needs, primarily through natural gas, according to the World ...

Its domestic renewable energy industry may just be getting back on track after years of delay, but Tunisia has already launched one of the most ambitious green hydrogen development programmes in Africa, which it is promoting together with longstanding electric power export schemes.

Meraki Global Energy LLC (MGE) is a certified company, holding ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications, committed to providing comprehensive supply and services for the Energy Sector.

The Meraki Group is a multinational, multiproduct group which started its operations in the UAE in 1991. It spans businesses across real estate, education, construction & MEP contracting, landscaping, structural steel, aluminum, and glazing fabrication. At Meraki, passion and attention to detail are at the heart of everything we do.

The energy transition in Tunisia is being promoted by international actors, some of whom are connected to previous projects that have aimed to develop renewable energy in northern Africa for export to Europe.

Meraki Global Energy is looking for an experienced Project Engineer to join our team and work on power plant projects involving static equipment, boilers, desalination systems, and tanks. This is a unique opportunity to contribute to critical energy projects while enjoying a competitive salary, accommodation, and food allowance.
