What is Solarmed Mongolia LLC?

Solarmed Mongolia LLC is a company established in 2013, mainly working on medical equipment for cancer treatment. Since then, it has been working to introduce advanced technologies into the Mongolian healthcare system.

Can Mongolia generate energy from renewable sources?

Mongolia offers significant potential for energy generation from renewable sources. It faces increasing energy demand that cannot be met by conventional energy sources alone. In recent years, comprehensive legislation has been implemented to create a framework for the promotion of renewable energy infrastructure investments.
