The Caribbean Electric Utility Services Corporation (CARILEC) is an association of electric energy solutions providers and other stakeholders operating in the electricity industry in the Caribbean region, Central and South Americas...

MPC Energy offered great advice on my new heating system, including funding options, which I am very grateful for. I had been without a central heating system for a long time and had been at a loss as to what I should do next. MPC Energy were then very quick off the mark to get the air source heat pump installation planned.

He was previously Managing Director for Central America and the Caribbean at MPC Capital.
