Who is Nidec ASI?

Nidec ASI, head of the Nidec Industrial Solutions business platform belonging to the Nidec Group, today is presenting its very first Nidec-branded battery system designed for large and medium-sized... More than fifty years of experience in the supply and management of Battery Energy Storage Solutions for stable power supply. Send us your request.

Is Nidec a Bess battery?

Confirming Nidec's positioning in the BESS market, in December 2022, the birth of Nidec Energy SA, a joint venture with FREYR Battery, a Norwegian company that produces semi-solid lithium-ion batteries with an innovative technology in terms of quality and production process, was announced.

Who are Nidec & NW?

With the ambition to take concrete action in favor of the energy transition, Nidec, a global leader in stationary energy storage systems, and NW, the first French unicorn in the energy transition,...

The products designed, engineered, manufactured, and fully tested at this facility support new energy initiatives throughout the United States, such as the recently announced Dogfish BESS project awarded by Gore Street Fund PLC, which will deliver improved reliability to the ERCOT power grid system in Texas.

Milan, 24 September 2020 - Nidec ASI, the Nidec Industrial Solutions platform belonging to the Nidec Group, has supplied battery energy storage systems (BESS) for a new important US project.

The BESS system that Nidec Industrial Solutions supplied to E.ON, a British company, can respond to a sudden excess or shortage in electricity supply with a response speed of a second or less, the length of time provided in British standards. This system, which has been operating since 2017, comprises two AC/DC converters and two 900kWh battery ...

Nidec ASI is the market leader in BESS in Scandinavia, with a market share of over 50%. Sweden is the 4th largest market for Nidec ASI, with 7 contracts won in the last 3 years between Neoen, Germany's Uniper (three sites in operation) and Sweden's OX2.

Italy-headquartered firm Nidec ASI, the Nidec Industrial Solutions platform belonging to the Nidec Group, has supplied battery energy storage systems (BESS) worth \$30.5 million for a new important US project.

Nidec ASI has been awarded the supply of battery energy storage systems (BESS) in Sweden for a total of 82.5 MW, in Germany for a total of 11 MW and in the Czech Republic (10 MW). Furthermore, as a confirmation of its desire to consolidate its leadership also in non-European markets, Nidec ASI will shortly sign agreements for supplies in China ...

Nidec bess United States

The BESS will provide reliability and ancillary services to grid operator ERCOT to help it integrate growing renewable load in the state. The ERCOT, Texas market is among the busiest in the US for energy storage deployments and could overtake California for installed capacity next year, when it is set to hit 9.5GW online in September.. Engie North America has ...

30 September 2020: Nidec ASI nets US\$30.5 million US contract. Energy storage system integrator Nidec ASI has supplied a large-scale battery energy storage system (BESS) to the company's first US customer.

En décembre 2022, la naissance de Nidec Energy SA, une joint-venture avec FREYR Battery, société norvégienne qui produit des batteries lithium-ion semi-solides avec une technologie innovante en termes de qualité et de processus de production, a annoncé, confirmant la position de Nidec ASI sur le marché BESS. La toute nouvelle ...
