Will AMEA power build a solar PV plant in Djibouti?

UAE-based independent power producer (IPP) Amea Power has signed agreements to build a 30 MWp solar PV plant in Djibouti. This will be done in the framework of a public-private partnership (PPP). Amea Power continues its expansion in Africa.

What is a power purchase agreement (PPA) in Djibouti?

Amea Power has secured a power purchase agreement (PPA) for a 25 MW solar-plus-storage project in Djibouti. It will be the country's first independent power producer (IPP) project and is now in development under a build-own-operate and transfer (BOOT) framework.

Will AMEA Power Invest in Djibouti's first IPP project?

The solar plant is the country's first IPP project and will be developed under a BOOT model. "The Sovereign Fund of Djibouti (FSD) will be joining the project before financial close as a minority shareholder," AMEA Power said, without providing additional details.

What does AMEA power do in Djibouti?

AMEA Power will develop the project in partnership with the Sovereign Wealth Fund of Djibouti (FSD). The electricity produced will be sold to Djibouti's public utility *Électricité de Djibouti* (EDD), under a long-term power purchase agreement.

What is AMEA power's 25-year PPA for Djibouti?

Dubai-based AMEA Power has secured a 25-year PPA from Djibouti's state-owned utility, *Électricité de Djibouti* (EDD), for a 25 MW solar-plus-storage plant it plans to build in Grand Bara, south of the national capital. The solar plant is the country's first IPP project and will be developed under a BOOT model.

Where does Djibouti's energy come from?

Most of Djibouti's energy supply, around 80%, is sourced from neighboring Ethiopia. At the end of 2023, Djibouti was among the select few countries throughout the world that had yet to install any PV capacity, according to the International Renewable Energy Agency (IRENA).

Nova Solar was het eerste (en enige) bedrijf dat ons contacteerde. Een afspraak werd snel vastgelegd en na de berekening van alles (zonnepanelen, omvormer, werken) waren we direct akkoord. Intussen werden reeds 10 panelen glas/glas van Solarwatt geplaatst en vandaag werd de omvormer geïnstalleerd.
