Post completion of construction, the project got commissioned in November 2022.

Nujiang Solar Power Sales

I have a spreadsheet consuming my power usage from solar, and power sold from solar, and it tracks payback at about 9.5 years. People who build smaller systems here or buy cheaper equipment usually get a shorter payback. If there is no way to sell power back to the grid, or no net metering, I think it would be very hard to get a good return period.

Experienced solar sales reps are averaging 3-5 sales per week. Competitions and vacation bonuses for hitting sales targets. Employer Active 3 days ago. View similar jobs with this employer. solar advisor. Sunly. Hybrid work in Halifax, ...
