

At Ovik Solar, we're all about practical solutions. Our team collaborates with industrial clients to cut through the complexity of energy bills by seamlessly integrating advanced solar technology into their operations. Our state-of-the-art photovoltaic systems capture sunlight and convert it into clean, cost-effective electricity.

Over the course of April in Falkland Islands, the length of the day is rapidly decreasing from the start to the end of the month, the length of the day decreases by 1 hour, 49 minutes, implying an average daily decrease of 3 minutes, 45 seconds, and weekly decrease of 26 minutes, 13 seconds.. The shortest day of the month is April 30, with 9 hours, 32 minutes of daylight and ...
