Finance Corporation, as part of the Pacific Renewable Energy Advisory project. IFC's work in Papua New Guinea is supported by the Papua New Guinea Partnership. Australia, New Zealand and IFC are working together through the Partnership to stimulate private sector investment and reduce poverty in Papua New Guinea.

From modifying existing solar boards to installing new solar panels, our services range from 1KVA to 100KVA. We customise services according to your requirements and we can design for standalone houses, schools, health centre, churches etc.

Papua New Guinea gained independence from Australia in 1975, and as a young democracy is currently undergoing a significant economic and social transformation. The extreme topography of the Papua New Guinean ranges and the subsequent isolation of its population has developed the most linguistically diverse country on the planet, with over 850 ...
