

Photovoltaic New Third Board Delisting

What is the new third board?

The New Third Board was launched in early 2013 to supplement the Shanghai and Shenzhen stock exchanges to serve small and medium-sized enterprises. It is seen as an easier financing channel for small businesses, with low costs and simple listing procedures.

What is NEEQ's new third board?

For the next step, the NEEQ has pledged to continue to focus on improving the quality of listed companies. The New Third Board was launched in early 2013 to supplement the Shanghai and Shenzhen stock exchanges to serve small and medium-sized enterprises.

Will banks finance Tier-1 solar modules?

BloombergNEF's quarterly list of tier-1 solar module manufacturers focuses on the likelihood that banks will finance projects using specific solar products. "Bankability- whether projects using the solar products are likely to be offered non-recourse debt financing by banks - is the key criterion for tiering," BloombergNEF explains on its website.

How will Akcome's delisting impact investors?

The delisting and associated violations will directly impact over 270,000 investors, with platforms such as Sina offering online registration for a potential class-action lawsuit. In May, Akcome was listed in Bloomberg New Energy Finance's (BNEF) tier-1 global PV module manufacturers for the second quarter of 2024.

Should solar projects be tiered?

"Bankability- whether projects using the solar products are likely to be offered non-recourse debt financing by banks - is the key criterion for tiering," BloombergNEF explains on its website. "Banks, and their technical due diligence providers, are extremely unwilling to disclose their whitelists of acceptable products."
