

# Photovoltaic inverter Kehua ranking

Is Kehua a good energy storage inverter supplier?

Kehua, with remarkable energy storage inverter shipments, becomes the No.5 energy storage inverter supplier globally. This ranking is a testament to the rapid growth of Kehua's presence in the energy storage inverter market and affirms its achievements in the renewable energy industry.

Where does Kehua rank in the global PV inverter market?

According to IHS Markit's latest PV inverter market tracker report, Kehua ranked 9th among global suppliers in 2020. Global inverter shipments increased 35% to reach a total of over 170 GW in 2020, with the top three markets, China, the United States and India, accounting for over 50% of those shipments.

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

What is Kehua PV inverter?

KEHUA PV inverter products consist of string inverter, central inverter and central-distributed inverter which cover power range from 1kW-6.8MW, it is one of the few enterprises in the world that has a full range product and solution for all scenarios. About KEHUA

How many solar installations does Kehua have?

Up to now, Kehua has 21GW of PV installations and 2.6GW of energy storage installations globally. With 34 years of experience in the renewable energy industry, Kehua's products have served more than 100 countries worldwide.

Why should you choose Kehua inverter?

With professional and highly-reliable products and flexible solutions cover residential, C&I and utility applications, KEHUA has always committed to providing customers with the dependable part of inverter for the PV system.

By the end of 2023, Kehua's PV installation has exceeded 46GW and its energy storage installation has exceeded 15.2GW/8.2GWh globally. Presently, Kehua has become the world's fourth largest PCS supplier (S&P Global), a Tier 1 energy storage supplier and Top 10 solar inverter manufacturers (BloombergNEF).

Kehua's ranks 9th in the world, 6th in Asia and 5th in India for its three-phase high power (>501kW) inverter and, with flexible products and solutions covering residential, C&I and utility ...
