The HY11 power pack is the most complete of our production range because it uses the H01 body prepared with a cavity number higher than H00. This means greater versatility offered by the different configurations obtainable. It can be used for simple effect and double effect circuits thanks to its expandability through cartridges integrated in ...

TRAVEL FROM NORTH AMERICA TO CZECH REPUBLIC (CZECHIA) EASIER with a TWO-PACK of quality plug adapters. Designed specifically to be an electrical outlet adapter for Czech Republic (Czechia), you can charge and use your favorite devices during your trip!

I highly recommend investing in a power pack for your trip to Czechia, so that you can charge your phone when you're out and about. My go-to brand here is Anker and I actually have 2 of their portable chargers - one that comes out with me during the day and the other that is charging wherever I'm staying, so it's ready to swap over.
