Who is Q-Sun solar?

Q-SUNSOLAR |????? 152 ?????? Sharing Sunshine Value with The World |Q-SUN Solar is an international enterprise,focusing on the R&D,production and sales of PV modules. Q-SUN is at the leading level in the field of intelligent production and manufacturing of photovoltaic modules.

Who is Q Sun solar?

Q-SUN is at the leading level in the field of intelligent production and manufacturing of photovoltaic modules. Q-SUN Solar is an international enterprise,focusing on the R&D,production and sales of PV modules. Q-SUN is at the leading level in the field of intelligent production and manufacturing of photovoltaic modules.

What is a Q-Sun Solar Mercury series?

Mercury Series The Q-Sun Solar Mercury Series represents the latest advancement in photovoltaic technologywith our N-type Topcon PV modules. This series offers power outputs ranging from 400W to 720W,with efficiency levels between 22.5% and 23%.

Where is Q-Sun based?

The company has seen significant growth since its inception in 2014 in Chuzhou City,situated along the Yangtze River. With a decade of focused industrial evolution,Q-SUN operates three international research and manufacturing hubs,annually delivering over 4GW of efficient photovoltaic modules.

What is a Q-Sun solar Onyx series?

The Q-Sun Solar Onyx Series is renowned for its full-black panels and modern design,specifically crafted for residential photovoltaic markets with high aesthetic and performance demands. The Onyx Series panels feature a pure black surface with no metal grid lines,blending seamlessly with various roofing styles.

What is the Q-Sun solar nebula series?

The Q-Sun Solar Nebula Series is an advanced range of heterojunction solar cells(HJT) that features high-efficiency energy absorption and conversion capabilities. The Nebula Series is characterized by its lower temperature coefficients and excellent low-light performance,making it particularly suitable for high-temperature environments.

Q-SUN Solar ist ein asiatischer PV-Modulproduzent mit über 300 Mitarbeitern bei einer jährlichen Produktion von 4 Gigawatt. Das Unternehmen wurde 2014 gegründet und lieferte Solarmodule für ca. 1 Million Kunden in über 90 Länder, mit kontinuierlich steigender Tendenz. Q-SUN unterhält drei Produktionszentren, die alle ISO 9001, ISO 14001 ...
