Ram Power Limited. was established back in 1974. We are very proud of our long history and reputation, in the specialist design and manufacture of hydraulic cylinders, working holding solutions and hydraulic systems. Today we still manufacture. from our base in Houghton Regis. Whatever your challenge a complex system, or simple hydraulic cylinder.

Another example of self-sufficiency is that the Vale power plant manages all its own fuel injection nozzle servicing in-house. Guernsey Electricity has also designed its own control system, allowing all the generating plant and the island's distribution system to be monitored and controlled from a single control room at the Vale site.
